UNIONDALE, N.Y., Nov. 07, 2018 (GLOBE NEWSWIRE) -- Flushing Financial Corporation (the “Company”) (Nasdaq-GS: FFIC), the parent holding company for Flushing Bank (the “Bank”), announced today that Kroll Bond Rating Agency (KBRA), a full-service rating agency, affirmed its investment grade ratings for the Company and the Bank. These ratings are based on KBRA’s Global Bank and Bank Holding Company Rating Methodology, which evaluates liquidity, asset quality, capital adequacy, and earnings.

For the third consecutive year, the Company and the Bank maintained its favorable ratings of BBB+/K2 and A-/K2, respectively. KBRA revised the outlook for all long-term ratings to Negative from Stable, based principally on continued lower-than-peer earnings performance. According to KBRA’s report, the Company and Bank’s favorable ratings are supported by strong asset quality, an experienced executive team and historically sound capital management.

John R. Buran, President and Chief Executive Officer, stated, “We are pleased to continue to receive a favorable KBRA rating, which validates our strategic initiatives which drive the financial performance and successful integration into the communities we serve. There has been remarkable consistency in our financial performance and growth in shareholder returns, including both stock prices and dividends over the last ten years. To continue to deliver strong returns in a rising interest rate environment we have taken certain proactive steps, including entering into approximately \$750 million in swaps to mitigate margin pressure. We remain focused on rate over volume in the origination of loans while increasing the diversification of our loan portfolio through the origination of adjustable rate business loans. As we have previously disclosed, we have approximately \$2 billion of loans repricing up through 2020. Our “Win Flushing” program demonstrates our customer-centric and relationship-based approach to banking. Overall, we remain well capitalized and positioned to deliver profitable growth and long-term value to our shareholders.”
